HOSPITALS**

Cordially invites you to the

1st Annual International Conference

BRONCHUS
The Future of Interventional Pulmonology
2020

Organized by: Department of Interventional Pulmonology
Yashoda Hospitals, Hyderabad

Date: February 1 & 2, 2020

Venue: HICC, Hyderabad

For registration, mail to - bronchus2020@gmail.com

ENDORSED BY

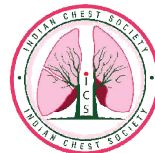

World Association for Bronchology
& Interventional Pulmonology

Asian Pediatric Interventional
Pulmonology Association

Malaysian Association for Bronchology
and Interventional Pulmonology

Indian Chest Society -
South Zone

Chest Council Of India

Dear Colleagues,

On behalf of the organizing committee, it is our pleasure to welcome you to the 1st Annual International Conference on Interventional Pulmonology - "BRONCHUS 2020" and to the city of pearls - Hyderabad on February 1 - 2, 2020.

The Theme of the congress is "New Decade - New Therapeutics"

As the field of Interventional pulmonology continues to expand and develop at a rapid pace, this 2-day conference will focus on best practices in Interventional Pulmonology from basics to the most advanced diagnostics and therapeutics. Experts across the globe will discuss on disease specific interventions with case-based approach to learning. Highlights of the conference would be the focused training programme [FTP] on procedural techniques. The first day of the congress is exclusively tailored to impart procedural skills to upcoming Interventional Pulmonologists through the FTP sessions. On the second day experts will discuss the latest evidence-based approaches through didactic sessions.

We are proud to bring you a great synergy of expertise from internationally renowned scientists and pioneers in Interventional Pulmonology through BRONCHUS 2020. The scientific program is targeted to provide tangible benefits and networking opportunities to current pulmonologists; it also provides a tremendous environment for early career members to learn about future prospects and professional development activities.

BRONCHUS 2020 is mentored by a host of distinguished National and International faculty with decades of experience in Interventional Pulmonology.

In addition to the outstanding scientific program, we hope that you will find time to explore the City of Pearls - Hyderabad

Welcome to the "City of pearls", Hyderabad and experience BRONCHUS 2020.

We look forward to see you at the conference.

Best Regards

Dr. Pavan Gorukanti, M.D, ABIM
Managing Director, Yashoda Hospitals

Dr. Hari Kishan Gonuguntla, MD, DM
Congress President - BRONCHUS 2020

INTERNATIONAL FACULTY

Dr. Yuji Matsumoto
Head NCC, Japan

Dr. Ashkan Moslehi
WABIP - Pediatric Chairman
Shiraz, Iran

Dr. Venerino Poletti
Italy

Dr. Jamalul Azizi
Head, Serdang Hospital,
Malaysia

Prof. Kyle Hogarth
Chicago Medicine, USA

Dr. Tudor Toma
Kings College, London

Dr. Yu Chen
Associate Director -
Guangzhou Institute, China

Dr. Jamsak Tscheikuna
Mahidol University,
Thailand

Dr. Devanand Anantham
Head, Lung Centre,
Singapore

Prof. Lam Bing
Director,
Respiratory Medicine Centre,
Hong Kong

Dr. Sarabon Tahura
Dhaka, Bangladesh

Dr. Calvin SH Ng
Thoracic Surgeon CUHK,
Hong Kong

HIGHLIGHTS OF THE CONFERENCE

- Participation of 15 International Faculty
- National & International Fellowship application desk for early career members
- MoU ceremony with Malaysian University
- Focused Training Programs
- Workstations for Paediatric Bronchoscopy Endorsed by APIPA
- First time workstations for Navigation Bronchoscopy and Archimedes
- First time workstations on Lung Volume Reduction - InterVapor
- First time workstations on Endobronchial Spigots
- Gala Dinner with best video presentations awards

Targeted Audience:

Pulmonologists, Paediatricians, Thoracic Surgeons, Intensivists, Rheumatologists and Oncologists

08:00 am - 08:30 am Registration & Welcome Address

PROGRAMME SCHEDULE

DAY 1: BASIC BRONCHOSCOPY & FOCUSED TRAINING PROGRAMMES [FTP]

SESSION I: 08:30 am - 09:45 am - Non Bronchoscopic Interventions

TIME	TOPIC	SPEAKER
08:30 am - 08:45 am	Thoracic Ultrasound in clinical practice	Dr. Tudor Toma
08:45 am - 09:00 am	Pneumothorax - Current insights and trends in management	Dr. Devanand Anantham
09:00 am - 09:15 am	Guided Thoracentesis and Biopsies	Dr. Prince James
09:15 am - 09:30 am	Tubes and Bottles - small vs large bore drains	Dr. Tudor Toma
09:30 am - 09:45 am	Bronchial Artery Embolization for Massive Haemoptysis	Dr. Suresh Girgani

SESSION II: 10:00 am - 11:30 am - Basic Bronchoscopic Interventions

10:00 am - 10:15 am	History of Bronchoscopy - from human eyes to adaptive optics	Dr. Deepak T H
10:15 am - 10:30 am	Organization of a Bronchoscopy suit	
10:30 am - 10:45 am	Bronchoscopist Nomenclature of Tracheobronchial Tree	Dr. Yuji Matsumoto
10:45 am - 10:55 am	Bronchoalveolar Lavage	Dr. Srivatsav
10:55 am - 11:05 am	Bronchoscopic Brush Cytology	Dr.
11:05 am - 11:15 am	Transbronchial Lung Biopsy - Tips and Tricks	Dr. Nishant Sinha
11:15 am - 11:30 am	The Old and the New of Sedation in bronchoscopy	Dr. Pavan Yadav

SESSION III: 12:00 pm - 18:00 pm - Focused Training Programme [FTP]

- **Learning from Experts**
- **Procedural training on models & vet labs**
- **FTP will focus on comprehensive procedural technique and training**
- **Fellowship networking opportunities and fellowship applications will be accepted**

BRONCHUS 2020 will adopt a new format for procedural training in the form of focused training programs, where expert faculty will help the participants gain knowledge to individual procedures in a focused environment. Each FTP will be led by expert International and National faculty in the specified procedure.

Participants can select to choose 1-2 focused training programs at the time of registration. For the first time, **BRONCHUS 2020** gives platform to learn “**Navigation Bronchoscopy**” for diagnosis of peripheral pulmonary nodules and “**Intervapor**” - **Bronchoscopic Thermal Vapor Ablation** for emphysema under the guidance of International experts.

FOCUSSED TRAINING PROGRAMMES [FTP] - Time 12:00pm -18:00pm

PROGRAMMES	SPEAKER
FTP 1 - Paediatric Bronchoscopy (5 Lectures + 5 stations) limited to 50 participants	Dr. Ashkan Moslehi , Iran and Team
FTP 2 - Rigid Bronchoscopy & Stenting (5 Lectures + 4 stations) limited to 30 participants	Dr. Jamalul Azizi , Malaysia and Team
FTP 3 - CRYO and Elector Surgery (ESU) (5 Lectures + 3 stations) limited to 30 participants	Dr. Venerino Poletti , Italy and Team
FTP 4 - BRONCHIAL THERMOPLASTY (5 Lectures + 2 stations) limited to 30 participants	Dr. Kyle Hogarth , USA and Team
FTP 5 - Convex EBUS (5 Lectures + 2 stations) limited to 20 participants	Dr. Devanand Anatham , Singapore and Team
FTP 6 - Bronchoscopic Lung Volume Reduction (5 Lectures + 2 stations) limited to 15 participants upon invitation	Dr. Lam Bing , Hong Kong & Team Thermal Vapor Ablation
FTP 7 - Radial EBUS + Navigation Bronchoscopy + Archimedes (5 Lectures + 2 stations) limited to 15 participants	Dr. Yuji Matsumoto , Japan and Team
FTP 8 - Bronchoscopy & Ultrasound for the Intensivist (5 Lectures + 4 stations) limited to 30 participants	Dr. Tudor Toma , U.K and Team
FTP 9 - Pleuroscopy & IPC (5 Lectures + 3 stations) limited to 25 participants	Dr. Jamsak , Thailand and Team

Conclusion of the Day 1 - Training followed by Dinner and Cocktail

19:45 pm -23:00 pm	Gala Dinner With Cocktail & Video Presentation (Best Video Presentation Awarded with Prizes)	JUDGES Dr. Kyle Hogarth Dr. Jamalul Azizi Dev Anantham Dr. Yu CHEN
--------------------	---	---

Note: Video Submission Guidelines - Kindly refer to the website. Challenging & innovative cases in IP are accepted for presentation with a time limit of 5 minutes for presentation and 2 minutes for discussion. Best 3 videos will be awarded by the panel of experts.

PROGRAMME SCHEDULE

DAY 2: DISEASE SPECIFIC INTERVENTIONS

SESSION I: 08:30 am - 10:15 am - IP in Lung Cancer

TIME	TOPIC	SPEAKER
08:30 am - 08:45 am	Introduction & Overview	Dr. Hari Kishan Gonuguntla
08:45 am - 09:00 am	8th TNM Staging of Lung Cancer - What's New	Dr. Gella Viswanath
09:00 am - 09:15 am	Current role of EBUS + EBUS in Lung Cancer	Dr. Dev Anatham
09:15 am - 09:30 am	EBUS in 2020 - Thin Scopes & Thick Needles	Dr. Kyle Hogarth
09:30 am - 09:45 am	EUS - Is it better than EBUS?	Dr. Malay Sharma
09:45 am - 10:00 am	Robotic Lobectomy - New Addition to the Armory	Dr. Balasubramoniam K R
10:00 am - 10:15 am	Microwave Ablation for Lung Cancer	Dr. Calvin NG
Inauguration		
10:15 am - 10:45 am	Inauguration Ceremony	

SESSION II: 10:45 am - 12:00 pm - IP in Tuberculosis & Sarcoidosis

10:45 am - 11:00 am	TB Tracheobronchial Stenosis - Overview	Dr. Jamsak Tscheikuna
11:00 am - 11:15 am	TB Stenosis - Case - based Learning	Dr. Dr. Yu Chen
11:15 am - 11:30 am	Beyond IP - Surgery in TB Tracheobronchial Stenosis	Dr. Arvind Kumar
11:30 am - 11:45 am	Endobronchial Valves for MDR TB	Dr. Sunil Kumar K
11:45 pm - 12:00 pm	TB vs Sarcoidosis - Can IP make a difference	Dr. Amit Dhamija

SESSION III: 12:00 pm - 13:45 pm - IP in Obstructive Airway Diseases

12:00 pm - 12:30 pm	COPD - Current status and challenges in India	Dr. Randeep Guleria
12:30 pm - 12:55 pm	COPD - Bronchoscopic Lung Volume Reduction - BLVR	Dr. Jamalul Azizi
12:55 pm - 13:10 pm	COPD - Bronchoscopic Thermal Vapor Ablation - BTVA	Dr. Lam Bing
13:10 pm - 13:25 pm	Bronchial Thermoplasty - Choosing the right patient	Dr. Deepak Talwar
13:25 pm - 13:45 pm	Bronchial Thermoplasty - A decades experience	Dr. Kyle Hogarth

Lunch Break & Lunch Symposium

Intersection of Interventional Pulmonology & Palliative Medicine by Dr. Rajani Surender Bhat

SESSION IV: 14:15 pm - 15:30 pm - IP in Central Airway Obstruction

14:15 pm - 14:30 pm	Benign Central Airway Obstruction	Dr. Yu Chen
14:30 pm - 15:00 pm	Malignant Central Airway Obstruction	Dr. Jamalul Azizi
15:00 pm - 15:15 pm	Airway Stenting in CAO - The Future (Biodegradables & 3D Prints)	Dr. Kedar R. Hibare
15:15 pm - 15:30 pm	Airway Fistulas - Bronchoscopic approach	Dr. Yu Chen

PROGRAMME SCHEDULE

DAY 2: DISEASE SPECIFIC INTERVENTIONS

SESSION V: 15:30 pm -16:55 pm - Approach to Peripheral Pulmonary Nodules in 2020

TIME	TOPIC	SPEAKER
15:30 pm - 15:45 pm	Peripheral Pulmonary Nodule Approach in 2020	Dr. Dev
15:45 pm - 16:00 pm	Robotic Bronchoscopy	Dr. Kyle Hogarth
16:00 pm - 16:15 pm	Guided Bronchoscopic Techniques for PPL - Radial EBUS & GS	Dr. Yuji Matsumoto
16:15 pm - 16:30 pm	Virtual Bronchoscopic Navigation & BTPNA	Dr. Lam Bing
16:30 pm - 16:55 pm	Cone Beam CT guided Biopsies	Dr. Calvin NG

SESSION VI: 16:55 pm - 17:40 pm - IP in Interstitial Lung Diseases

16:55 pm - 17:10 pm	Interstitial Lung Diseases - Cryo vs Surgical Lung Biopsy	Dr. Visweswaran
17:10 pm - 17:40 pm	Cryo Lung Biopsy - The Good, Bad and the Ugly	Dr. Venerino Poletti

SESSION VII: 17:40 pm - 17:55 pm - IP in Emergencies

17:40 pm - 17:55 pm	Bronchoscopic approach to massive hemoptysis	Dr. Ravi Mehta
17:55 pm - 18:10 pm	Whole Lung Lavage - How and when?	Dr. Nagarjuna Maturu

SESSION VIII: 18:10 pm - 19:00 pm - IP in Pleural Diseases

18:10 pm - 18:25 pm	Thoracic Ultrasound in Pleural Disorders	Dr. Tudor Toma
18:25 pm - 18:35 pm	Talc Pleurodesis vs Indwelling Pleural catheters	Dr. Tinku Joseph
18:35 pm - 18:45 pm	Medical Thoracoscopy for Non-Malignant Effusions	Dr. Jamsak
18:45 pm - 19:00 pm	VATS - Multiport to Uniport	Dr. Calvin NG

19:00 pm - Vote of Thanks

HYDERABAD BECKONS

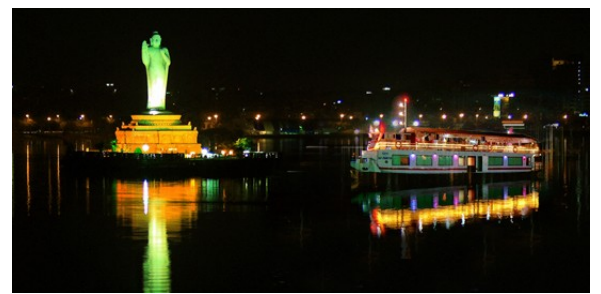

Hyderabad has emerged as the Indian city with the best quality of living for the fifth consecutive time.

- Mercer's Quality of Living Rankings 2019

Hyderabad is the 2nd Best Place in the World one should see

- Traveler Magazine, National Geographic, 2015

Hyderabad, the capital of Telangana, is the fastest growing metropolis of India. The people here are known for their warmth, friendly nature and hospitality. Hyderabad city is notable for its rich history, food and multi-lingual culture. It is synonymous with biryani, pearls, bangles that are embellished with sparkling semi-precious stones and of course the Charminar, an iconic monument and mosque. Hyderabad and Secunderabad are twin cities, separated by the Hussain Sagar Lake. The weather of these magnificent cities is pleasant for the most part of the year. Hyderabad with its International Airport, a potential transit Hub of South Asia, is well connected by National and International Air Carriers.

ABOUT VENUE

Hyderabad International Convention Centre (HICC)

Novotel Hyderabad Convention Centre is strategically located in Hyderabad's IT and business district. Overlooking a lake, Novotel Hyderabad is set in 15 acres of landscaped grounds. The hotel is connected to one of the finest convention centre in South Asia - Hyderabad International Convention Centre (HICC).
