Dear Colleagues,

It is indeed a pleasure to invite you all to our CME “**Diagnostic Approach to Pulmonary Nodule**”. Pulmonary medicine has now become the fastest growing sub speciality in medicine. With newer interventions being introduced every year, it is very important for the budding pulmonologists as well as the practicing physicians to keep themselves updated with the latest developments in the field of pulmonary medicine and interventional pulmonology. It is with this very aim, we are organizing “**Diagnostic Approach to Pulmonary Nodule**” on May 26 this year. Eminent faculty from various countries shall share their experiences and their knowledge during this program.

This programme is designed for practicing pulmonologists, oncologists and physicians interested in pulmonary medicine.

We request all to utilize this opportunity, come and gain from this update of medical knowledge.

We look forward to seeing you there!

Best regards,
